

IIMSAM NEWSLETTER BULLETIN #002063

Released: 14 - September 2021 - EDT-NYC-USA

United Nations International Year of Peace and Trust, 2021

IIMSAM'S PROLIFIC HUMANITARIAN & GOODWILL AMBASSADOR RAHEELA KHAN A.K.A. **"THE MOTHER TERESA OF PAKISTAN"** RE-OPENS AND CELEBRATES THE BEGINNING OF A NEW ACADEMIC YEAR 2021-2022 AT THE INNER VOICE EDUCATION SYSTEM SHIGAR CAMPUSES IN BALTISTAN. A PILOT PROJECT OF SPIRULINA FOR 90 DAYS WILL ALSO BE IMPLEMENTED.

4 QUALITY EDUCATION

Her Excellency Raheela Khan, globally recognized and honored by several INGOs as "THE MOTHER TERESA OF PAKISTAN," has established various schools and vocational training centers that provide accessible educational facilities along with daily meals for children and women. She continues to distribute thousands of food rations throughout the year as part of her prolific humanitarian work under the patronage of IRAWA, a conduit umbrella organization composed of three NGO/INGOs during the Covid-19 Relief Program established in 2020, which intensifies during the holy month of Ramadan. Every Ramadan, IRAWA contributes and supports various reliable and efficient INGO partners to maximize daily relief. H.E Raheela Khan founded the Shigar campuses back in 2018 to provide accessible educational facilities to the underprivileged children of Shigar Baltistan, including

free books, stationaries, uniforms, furniture, curriculum tuition, and daily meals. During the celebration, the students presented various speeches and musical plays followed by a teacher's briefing session where all relevant aspects of the schools were discussed and addressed. H.E Raheela Khan announced additional grade classes and annual salary increments for all staff and management in appreciation of their dedicated efforts to enhance education quality. As Goodwill Ambassador of IIMSAM, H.E Raheela Khan also announced a **3-Month Spirulina Pilot Program for all children and staff of all Inner Voice campuses**. Spirulina is a naturally produced food supplement containing numerous high-quality organic proteins and vitamins to counter malnutrition and various diseases while promoting overall growth and health. After the success of PAKISTAN'S FIRST SPIRULINA, PILOT PROGRAM carried out in 2019 by H.E Raheela Khan at the Islamabad campus, and the second program will soon be initiated in Baltistan.

Comments by the Secretary-General of IIMSAM Remigio Maradona: "Ambassador Khan is a role model for others to emulate; she has done a great non-stop COVID-19 relief Programme unprecedented. "Like the novel, COVID-19 spread around the world, Even after contracting the virus herself and hospitalized for a few weeks last year. None the less she has never paused, distributing life-saving food items personally to the needy and underprivileged as well as the marginalized communities." "A remarkable humanitarian extraordinaire."
