

**IIMSAM NEWS BULLETIN #002092**  
**Released: 21 MARCH 2022 - NYC-EST.**

**MS. ECO TEEN INTERNATIONAL 2021 & IIMSAM'S PROLIFIC-YOUTH GOODWILL AMBASSADOR MS. VU HUYEN DIEU FROM VIETNAM CONTINUES WORKING WITH CONCRETE DEEDS UNDER IIMSAM AN OUTSTANDING EXEMPLARY YOUTH GOODWILL AMBASSADOR DELIVERING GIFTS AND HOPE TO CHILDREN SUFFERING FROM HEART DECEASE AT CHO RAY HOSPITAL.**

Ray Hospital, (Ho Chi Minh City.) Gave gifts and books to the Hospital's pediatric cardiologist patients. After studying in class, IIMSAM-Goodwill Youth-Ambassador **Bella Vu** and her brother, IIMSAM-Youth-Advocate **Oscar Vu**, and the District 4 Social Workers Team visited and gave gifts and books to pediatric patients treated in the Department of Resuscitation - Children's Heart Surgery Cardiologist Center, Cho Ray Hospital. In addition to the main activity between Cho Ray hospital and the Social Workers Team, which is training in first aid for trauma patients, the "Góp lửa yêu thương" (Collective warm love) group gave gifts to the pediatric patients being treated.

Bella Vu and Oscar Vu, and IIMSAM's Strategic-Partner Bella Love Foundation, presented red packets and children's books to the children's bookcases. Other organizations and individuals have also contributed since the program started in early March 2022. The books given this time included various children's titles, including comics, life skills books, fairy tales, children's newspapers in Vietnamese and English.

Comments by Miss Bella Vu said: "Since I was a child, I have loved reading because each book opens a new world. Now, I also love and take care the most of the bookcase in my room so that when I have free time, I have books to read. I hope that the children treated for heart disease here will have more fun and entertainment to forget the pain and quickly recover from the disease to go home, go to school, and play with friends."

From a young age, the family taught Bella Vu and her brother to bring more gifts of books and stories to children in Homeless shelters. Because good books also direct people to good deeds, helping the community. When seeing very young children lying on hospital beds with breathing tubes or fighting with pain, Bella Vu, Oscar Vu, and Social Workers of the District 4 Team were deeply saddened. When children should be able to run and play with their friends, they have to be hospitalized to fight this terrible illness.

**\* IIMSAM - EXO-HUMANITARIAN ACTIVITY**
