

IIMSAM NEWS BULLETIN #002102

Released: 28 - April - 2022 EST. NYC-USA.

IIMSAM - GADARA INITIATIVE TEAM IN JORDAN WORKING IN SUPPORT OF THE UN-SDGS 2020-2030 ON THE OCCASSION OF EARTH-DAY WORLDWIDE.

In conjunction with Earth Day. The IIMSAM Gadara Initiative launches campaigns to plant the governorates of southern Jordan in support of the **United Nations Sustainable Development Goals 11-13-15 Decade of Action 2020 - 2030**. Coinciding with Earth Day, which is celebrated worldwide on April 22 of each year. The initiative also launched other campaigns to clean and drain ponds and swamps in southern Jordan.

The initiative places the principle of environmental protection at the top of its priorities and finds solutions to reduce pollution within its commitment to support the United Nations' sustainable development goals. Earth Day is an annual event celebrated by people worldwide to show support and launch initiatives aimed at protecting the planet from dangers, especially those related to the environment.
